

BRITA[®] | PRO

WATER SOFTENER SMART PROGRAMMING

- Our most advanced programmable valve head
- Metered upflow regeneration - for efficiency and improved water quality
- Smart Profile - builds capacity based upon usage profile
- Quick emergency regeneration (30% capacity)

SAVES WATER

CONTROL VALVE

PRESSURE TANK

NSF/ANSI STANDARDS

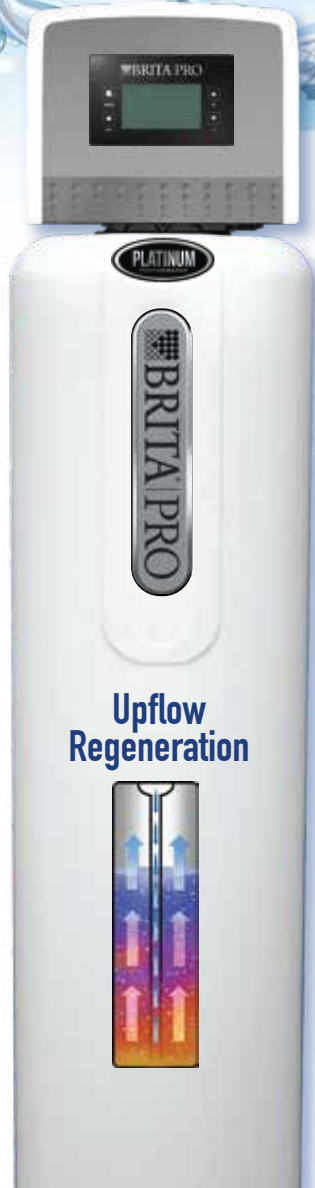

Tested and Certified by WQA against NSF/ANSI 44 for softening performance.

This control valve and pressure tank is Tested and Certified by NSF International against NSF/ANSI Standard 44 for material and structural integrity requirements.

COMPONENT

- Smart brining - saves water and time
- WQA Certified Systems
- NSF Certified Components
- All materials certified to NSF/ANSI Standard 44
- 1" porting for high flow for larger homes
- Quick connect fittings (includes straight and elbow connectors)
- Soft water refill - to keep your system running cleaner
- Up to six tank sizes available
- High quality softened water
